The 2026 Swiss Healthcare & Life Sciences Investigations Forum

When innovation meets scrutiny

One afternoon with the people who run investigations in life sciences.

Regulators are moving fast — and so is the technology investigators use. This forum brings in-house investigators, compliance leads and counsel together on EU pharmaceutical reform and the Critical Medicines Act, AI and data regulation, and putting AI to work in an investigations function.

ON THE AGENDA

- 2.05pm Welcome addresses
- 2.15pm Keynote & fireside chat: **Klaus Moosmayer**
- 2.45pm Panel: regulatory updates, AI & data
- 4.00pm Using AI to assist investigations
- 4.45pm Delegate session: challenges, KPIs & KRIs
- 5.30pm Apéro riche & networking drinks
